

modelparams::timeofz

```
graph LR; A[modelparams::timeofz] --> B[modelparams::deltatime]
```

A diagram showing a dependency between two variables. On the left, a gray rectangular box contains the text 'modelparams::timeofz'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'modelparams::deltatime'. Both boxes have a thin black border.

modelparams::deltatime
