

fileutils::writeitems

```
graph LR; A["fileutils::tfilestream::write"] --> B["fileutils::writeitems"]
```

A diagram showing a call from `fileutils::tfilestream::write` to `fileutils::writeitems`. The call is represented by a blue arrow pointing from the right box to the left box. The left box is shaded gray, and the right box is white.

fileutils::tfilestream
::write
